Message from the Head

Following the recent Parent Survey and the overwhelmingly positive feedback we have received. It is great to know that the support and positivity from our parent community continue to make Welshampton a wonderful school. It is with this in mind that I am pleased to share the launch of a parent consultation on the development of a Parent Code of Conduct.

The relationship between the school and parents plays a pivotal role in ensuring the well-being and educational progress of our children. It is important that we work together to set a positive example and be good role models within and outside the school environment.

By maintaining respectful conduct towards the school staff, each other, and our children, we will collectively sustain a positive and nurturing school for all.

Your input and support is invaluable in shaping the development of a Parent Code of Conduct that exemplifies our shared commitment to providing the best possible educational experience for your children. Please take the time to read the draft Parent Code of Conduct and feel free to offer any thoughts or views on it. Any feedback should be sent to the school office via email at admin@welshampton.shropshire.sch.uk.

Please rest assured that your feedback is highly regarded, and it will contribute significantly to the final Parent Code of Conduct, which we hope to share after Easter.

Thank you for your continued support and collaboration as we strive to further enhance the enriching and respectful educational environment for all.

Tennis Champs!

We took a group of our Year 5 children to a tennis festival at Ellesmere College this week. They had great fun learning new skills, making new friends and working co-operatively.

Year 6 Bikeability

Our Year 6 children grew more confident with each turn of their pedals as the expert instructions led them onto the roads surrounding our school to experience 'real cycling'.

They were taught how to start and stop with more confidence, pass stationary vehicles parked on a road, understand the road: signals, signs and road markings, negotiate the road: including quiet junctions, crossroads and roundabouts and share the road with other vehicles
